## **StandUp Wireless Helps Bridge the Digital Divide with DAV**

**NEWPORT, Ky.** – StandUp Wireless has announced a partnership with DAV (Disabled American Veterans), a more than century-old nonprofit veterans organization based in Erlanger, Kentucky. DAV is dedicated to empowering veterans to lead high-quality lives with respect and dignity.

StandUp Wireless provides the Affordable Connectivity Program (ACP) and Lifeline wireless services across the United States. ACP & Lifeline are government benefit programs that provide discounts on monthly telephone and internet service for eligible subscribers. Veterans on government assistance programs, such as SNAP, SSI, Federal Public Housing Assistance, or the Veterans Pension and Survivors Benefit, can receive a free smartphone and monthly service.

“Today, we’re pleased to stand up for America’s heroes by supporting DAV,” said Nathan Stierwalt, Chief Sales and Marketing Officer for StandUp Wireless. “DAV is a well-respected organization with a long history of connecting veterans, transitioning service members and their families with valuable resources. We are proud to support this deserving mission and hope to help bridge the digital divide for veterans.”

"Many of our nation’s veterans benefit from StandUp Wireless’ program to provide a free smart phone and plan," said DAV National Adjutant and CEO Barry Jesinoski. "It’s an honor to partner with them to continue serving the veteran community."

### **About DAV**

*DAV empowers veterans to lead high-quality lives with respect and dignity. It is dedicated to a single purpose: keeping our promise to America’s veterans. DAV does this by ensuring that veterans and their families can access the full range of benefits available to them, fighting for the interests of America’s injured heroes on Capitol Hill, providing employment resources to veterans and their families, and educating the public about the great sacrifices and needs of veterans transitioning back to civilian life. DAV, a nonprofit organization with more than 1 million members, was founded in 1920 and chartered by the U.S. Congress in 1932. **To learn more about DAV and its free programs and services, visit [DAV.org](http://DAV.org).***
